Mr. McCabe is perfectly safe in making this offer, as more than a thousand bottles of this remedy are sold each day and it has never been known to fail in any case of colic, cholera morbus, dysentery, diarrhoea or bloody flux, when the plain printed directions were followed. ## The Coming Funny Play.

Concerning "Old Jed Prouty," the new comedy-drama of Yankee life that is announced for production on Friday evening. There seems to be considerable promise in the way of novel treatment of a characterization that has never as yet been properly or pleasantly undertaken on the stage—namely, that of the "down East Yankee." It is stated that there was once indeed an "Old Jed Prouty" in the flesh, and that Bucksport, Me., was his abiding place for almost two generations; and, moreover, that Golden himself, who plays the part, hails from Bucksport and saw much of old Prouty in the latter's lifetime, and early resolved to give his fellow-villager a dramatic form at the proper opportunity, taking as a plot an episode that kept all Bucksport in hot water for a succession of years, but which finally came to a harmonious termination by force of Old Jed's horse sense and loyalty.

The piece comes here from San Francisco, where it scored an enthusiastic engagement at the new California Theater. It was a hit in New York as well, from which city it was taken direct to San Francisco with the complete cast and scenery.

YESTERDAY'S FIRE.—Yesterday afternoon about 4 o'clock, a fire was discovered in the central adjoining the residence of Mrs. Mather, and in a few moments the whole building filled with flames that had been saved from the Corbett block fire and belonging to D. Circe was totally destroyed. Circe places his loss at \$2000, there being three new buggies and a fine large rockaway destroyed, no insurance. Mrs. Mather's house at one time seemed destined to go but by the efforts of the firemen only a portion of it was burned. The furniture was mostly saved. There was an insurance of \$500 on Mrs. Mather's house.

## The Cincinnati Murder.

CINCINNATI, July 29.—Bligh, the negro in the employ of Dr. E. A. Jones, has confessed to having murdered his employer. Bligh says he killed Jones during a quarrel and hid the body behind the barn until 9 o'clock Thursday night. He then put it into a sack and threw it into the sewer where it was found. Bligh made his confession without a tremor, though he denied that he took the missing watch. Yesterday the watch was found at a pawn shop, where Bligh received \$10 for it. When confronted with the watch and pawn broker, Bligh admitted that he did pawn the watch, and said that he had also taken \$1 of the money in the Colonel's pocket after he had murdered him.

## The Eureka Con.

EUREKA, Nev., July 29.—The work of rebuilding smelters for the Eureka Con., began this morning. The short delay since their destruction by fire was occasioned by a difficulty in arranging for the necessary quantity of building materials. This will all be shipped from San Francisco, the President of the company who is now there, telegraphing to that effect yesterday. A large shipment of silver bullion has just been made and another of lead leaves to-day. This was saved with the refinery, the only building which escaped destruction at the time of the fire.

"There is corn in Egypt." Genesis, chapter XLII., v. 2.

This is a phrase in very frequent use, employed to signify a superfluity of anything. We use it here in reference to the large stock of shoes, groceries, dry goods etc., carried by Olcovich Bros. Bargains in shoes, await the early customer. The stock is complete in every style of desirable foot gear. Come early and often. 20 tf.

The APPEAL is in receipt of a new piece of music by Ign. Fisher, of Toledo, O., entitled "Robin's Farewell." It is brilliant, not difficult, and easy to commit to memory. It is intended as a companion piece to "Robin's Return," with the exception that the new piece is still more pleasing than "Robin's Return."

SURPRISE PARTY.—Last Monday evening, between thirty-five and forty young ladies and gents headed by the Misses Lillie Wright and Bertie Cohn raided the house of County Clerk Doane and took possession of the same. The occasion was a surprise to Miss Maud Doane and it was in honor of her fourteenth birthday. The evening was spent in a very pleasant manner, games and feasting being the principal part of the programme. The guests appeared to have a pleasant time and many congratulations were showered on the young lady in whose honor the surprise was given.

Forest fires are blazing in all directions in Montana in the mountains and along the Missouri. Dense smoke hangs over many towns and gas in some places had to be used Monday at 5 o'clock in the afternoon. The destruction to the timber is immense, and it has only been through great exertions that many mills and hoisting works at the mines have been saved. Stage travel between many places is suspended.

## Talmage in Trouble.

ST. PAUL (Minn.), July 27.—The Waseca Chautauquians have begun an action against Rev. Dr. DeWitt Talmage to recover \$1,500 damages for failing to lecture before them last year according to contract. The famous preacher is now in this city, and the Chautauquians took advantage of it to get service on him. The suit will be important as showing the value of a contract made by a lecturer.

## What on Earth

Is the reason people will not, cannot, or do not see any difference in cheap nos trums put up by Cheap John houses or irresponsible parties at enormous profits, rather than take a medicine of world wide reputation and one that is giving universal satisfaction at equal price? No medicine in the world is giving such unparalleled satisfaction for purifying the blood as BEGG'S' BLOOD PURIFIER & BLOOD MAKER, and every bottle that does not do its work, will cost you nothing. W. H. Chedie, Druggist.

Preston county, West Virginia, has a young lady who would make a fortune for a dime museum manager. She can write just as well with her left hand as with her right. She has been known to write two letters on different subjects at the same time, one with the left and one with the right hand and what makes it doubly curious is that the style of writing of the two letters is always different.

Henry George, who has just returned to New York from England, declares that his single-tax theory has made great progress in Great Britain. He deceives himself. The principal supporters of the single tax are those who would prefer no tax at all, and who, as a matter of fact, would not be affected by a tax on land.
